Attention Providers:

Lasso Healthcare is a non-network MSA plan, with no "network" or "contracted providers" like other Medicare Advantage plans.

CMS designed MSA plans to be consumer-driven, with open clinical access to all Medicare providers. Lasso Healthcare MSA members have access to any Medicare provider. We provide the member with funds from Medicare annually to help pay for their healthcare services.

Members: Please present this card along with your Member ID card when obtaining services.

How to file a claim: Claims submission does not require a contract and follows the same process used to submit out-of-network PPO claim.
